

Family Engagement On Demand

for educators and administrators

Overview

DeKalb County Schools has partnered with Successful Innovations, Inc. to provide FAM-FLIX (Family Engagement On Demand) to support parents, teachers and administrators in student learning at home and on-the-go. This family engagement tool is currently piloted in Title I schools for three months (September 2015 – November 2015). After the pilot, an assessment will be conducted.

With FAM-FLIX, educators and administrators are able to access training videos, webinars and e-Publications on demand 24/7. FAM-FLIX is a data generated tool with resources in English and Spanish. It is easily accessible from any mobile device.

To get started:

- Log into any Internet supported computer or mobile device
- Go to the following URL: <http://si4allonline.com/dekalb-educators>
- Watch an important message from Superintendent Dr. R. Stephen Green
- For first time users, select your school from the dropdown box. You must be an educator or administrator at a Title I school.
- Once the school is selected, click “Register”
- Create an account by completing all required fields with an asterisk *. Please remember your username and password for future login.
- Select your desired “Subscription Categories”
- Select your “Preferred Content Language”
- Click “Submit and Confirm” button
